

Air Cushion

All air support cushions are made of high-quality bonded PE film and come with a hose / bellows pump. A valve can be used to deflate as required.

Air support cushions are very versatile, e.g. as lumbar / lateral support etc. The air pressure can be individually adjusted using the bellows. These air support cushions are also very durable due to their sturdy material. The set contains a bellows, tubing and bladder.

Air Bladder

Art. No.

E 1 7 500=1 Größe 1 (120x180 mm)

E 1 7 500=2 Größe 2 (160x300 mm)

E 1 7 500=3 Größe 3 (200x400 mm)

Lumbar Pad

Art. No.

E 1 7 600=1 Größe 1 (120x180 mm)

E 1 7 600=2 Größe 2 (160x300 mm)

E 1 7 600=3 Größe 3 (200x400 mm)
